A word from the Editor

Alright Noggy Here,
Welcome to the magazine that has had its own 'Wank Sock' under the bed for six years. Thanks to all you readers who keep sending in your contributions of Skunk and other blends of the 'Erb I might be putting the next issue together from H.M.P.Lewes after The Plod decided to pay us a visit one thursday afternoon. Oh well you'll have to excuse me if the typesetting is a little shaky 'cos I'll be fending of Mr Big in the showers. Enough of all the doom and gloom. Rejoice, as summer approaches and the schoolie next door gets on that tight T-Shirt and shows you what she's been growing under her jumper in those cold October nights you'll have plenty of tossing material for the old memory banks. Anyway, enjoy the issue. A few of you have written to ask about The Uncle Meat Foundation . Well, you know as much as me about the mad fuckers. If they want to pay us two grand for a page of full colour advertising then that's up to them. Keep the letters and contributions coming in and I'll see you all next time.

Cheers, Noggy.

BANK HOLIDAY MONDAY

ZIT LETTERS

Dear Zit,
I really fancied that blonde from Abba. What a lovely arse, what a gorgeous smile, what lovely come to bed and fuck me eyes. What was his name again?

**Billy
East Ham**

Dear Zit,
Imagine my surprise when I visited London the other day and had to use a public telephone. I noticed an advertisement for a 19 year old TV. If its nineteen years old it won't have a video channel and more likely than not be black and white. I knew that those

London wide boys will try and sell you anything but this went beyond a fuckin' joke.

**Max
Manchester.**

Dear Zit,
Patsy Kensit who was once married to Simple Minds frontman Jim Kerr has shown us all she still has a passion for them by marrying Liam Gallagher.

**Billy
Leeds.**

Dear Zit,
It's me again that fella went to London. I forgot

to tell you that I saw another card that read "I'm a nineteen year old norwegian blonde. I have been very very naughty. I need to have my bottom spanked. What an astonishing show of honesty.

**Max
Manchester.**

Dear Zit,
What a lovely city Liverpool is. I suggest anyone who goes should try and visit it in the autumn. Well if you're going to get mugged, it's nice to have some leaves to fall on.

**Leon
Leamington Spa.**

Dear Zit,
I now know why they call wonderbras, wonderbras. It's because when you bag a bird with one on and get 'em unfetted you wonder where the fuckin' tits have gone.

**Harry
Nottingham.**

Hello Boys.

**Eva Herwiththebigtits
London.**

Dear Zit,
Imagine my surprise when I went to an outlet of Superdrug in Barnsley and when I asked for the Toilet Duck she directed me to a small lavatory next to the staff room.

**Betty Page
Whitby**

Dear Zit,
How trendy Leeds city centre is nowadays. I went last week and they had cafes and bars with the tables and chairs on the pavement. We have the same sort of thing only in Manchester we call it eviction.

**Neb
Ancoates**

Dear Zit,
My wife has the face Of a saint.....Bernard. Don't print my address, she'll fuckin kill me.

**Peter Horrocks

It's the page that gets its jugs out!

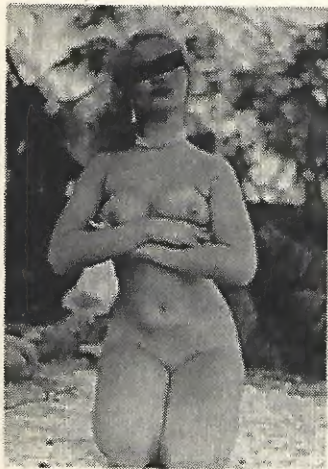

Dear Zit,
Who says girls aren't fucking stupid/ The other day I was teaching my bird to drive and when I told her to let the clutch out she opened the fuckin door.

Oh yes and when I asked her to name a popular road sign she said 'Pick your own strawberries 2 miles'

Dear Zit,
We all dream of winning the pools. Imagine my delight to receive a knock on the door from

the man from little-woods on a thursday morning. I had rang work and told my boss to 'Fuck Off' before the

kind gentleman informed me that my wife had been caught shoplifting.

**Big George

Dear Zit,
They've brought out a new 'Scouse' version of Trivial Pursuit. It has sixty thousand questions and just one answer. 'Who the fuck are you looking at?'

**Noddy

Dear Zit,
Don't you think that Airfix should bring out a model of a fanny. That'd get them back on the popularity stakes.

**Henry

Dear Zit,
Don't throw away all those used condoms. Save them for your dog and give them to it when he has a sore throat. They're just like 'lockets' at a fraction of the price. However, don't let the neighbours smell its breath as they'll think you've been at it.

**Marc
London.**
★★★★★★★★★★★★

Dear Zit,
How can I stop young couples shagging in the alley behind my house. I have terrible trouble getting the skid-marks off the wall.
**Eric
Southampton.**

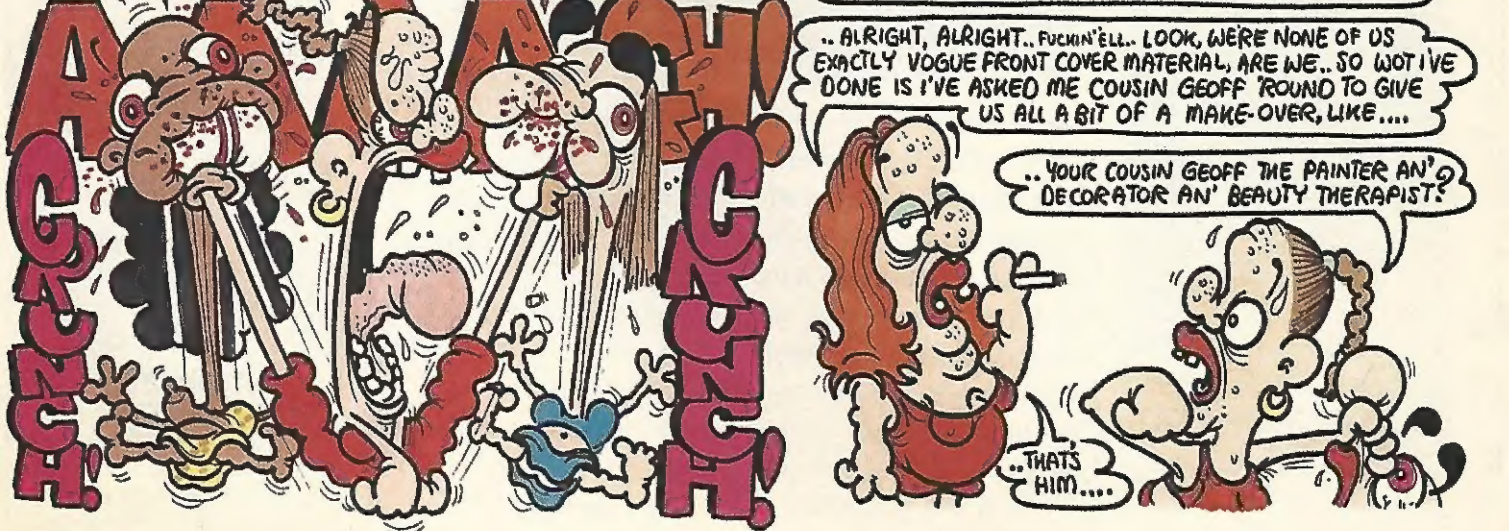

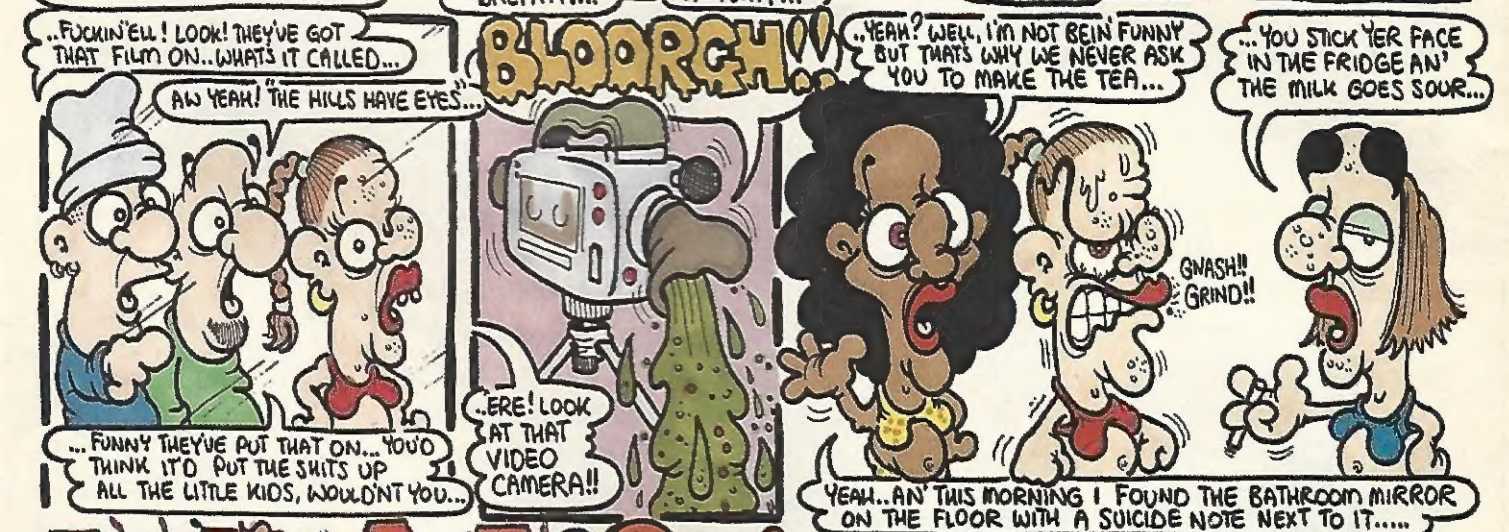

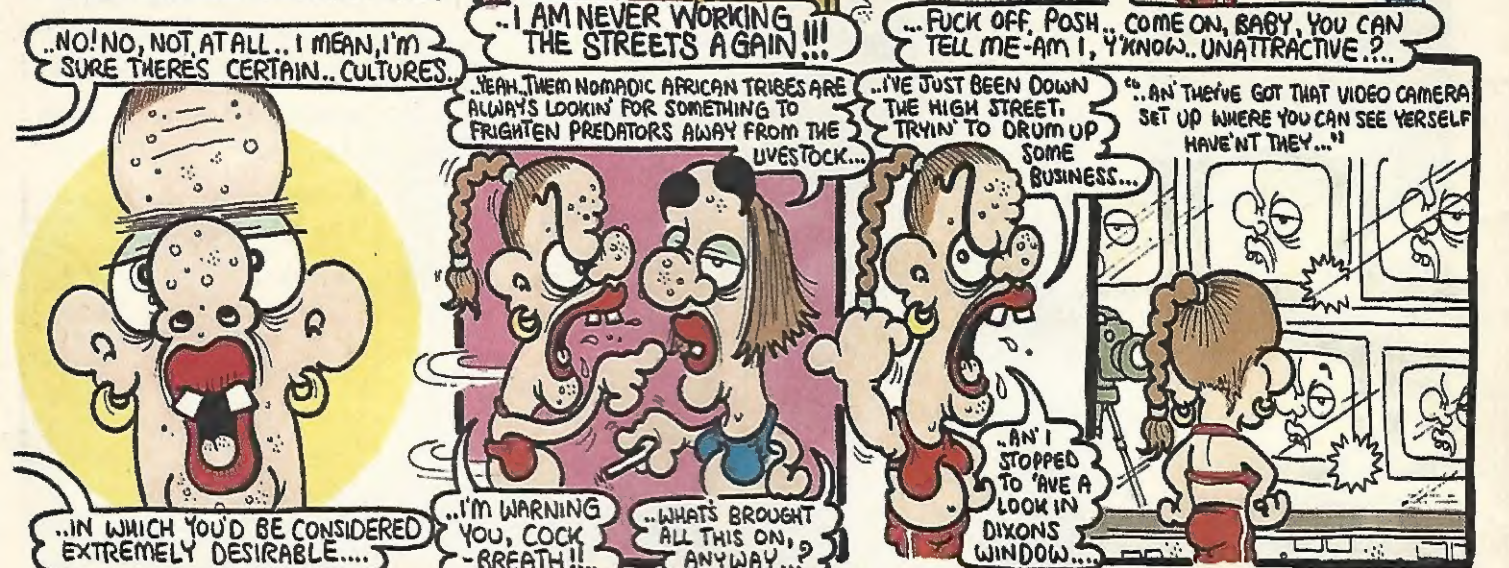

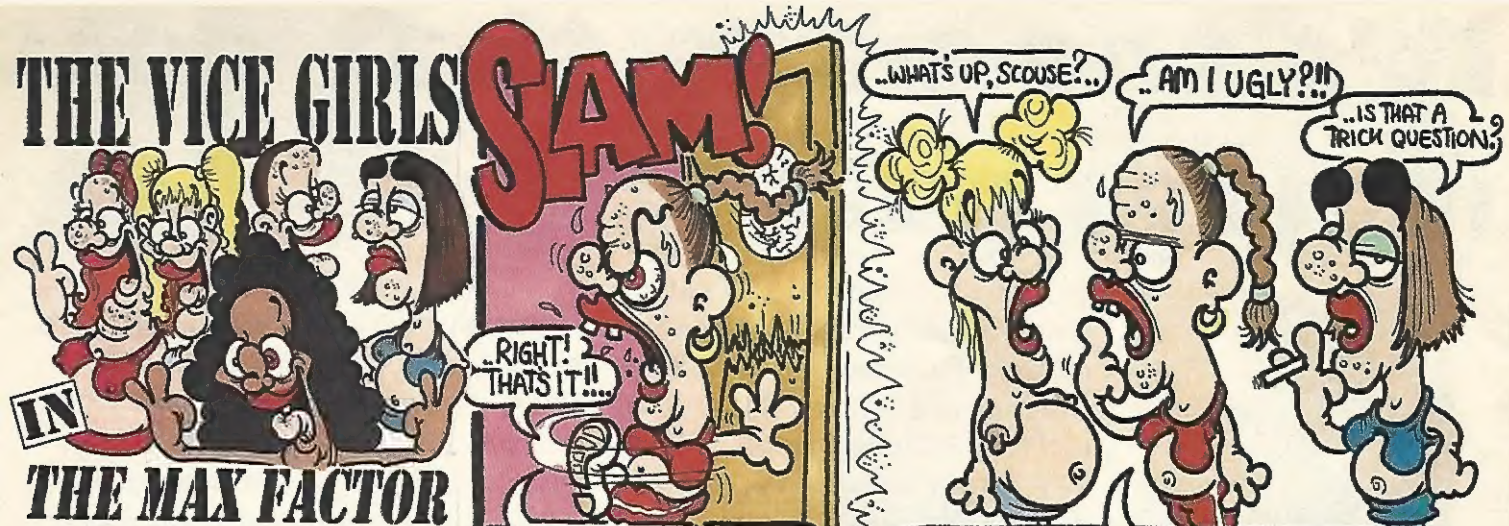

Dear Zit,
Why don't you ever print any photos of a really dirty German woman depicted removing her underwear with gay abandon and complete uninhibition in a natural setting such as a public park or garden for example.

Feel profoundly relaxed in minutes – with the NEW MindLab Orion

Tune in and turn on to shut out everyday pressures – and unleash the natural resources of your mind – writes Chris Payne

Dazzling patterns of colour swirled in front of my closed eyes, and gyrating shapes soared across my visual field as hypnotic rhythmic tones caressed my ears.

All I'd done was put on the liteframes and headphones, pressed a few buttons on the MindLab Orion's compact console and lay back with my eyes closed.

As the patterns and sounds slowed down I felt my mind sink deeper and deeper, and it seemed as if I was rolling back through space.

Clear your mind in minutes

Ten minutes later I re-emerged – relaxed, alert and with no mind chatter. The serene state lasted for the next two hours. This was my first experience of using the remarkable MindLab Orion.

It may at first sound like a way out Spielberg creation, but the MindLab Orion is far from science fiction. This is science fact, tried and tested to help you cope with life's stresses and strains.

Using light and sound patterns matched to your own natural rhythm, the machine can induce a state of relaxation, and even aid learning.

Far from being futuristic, the MindLab Orion is based on ancient techniques blended with sophisticated technology.

In 2000BC Ptolemy noted that sunlight flickering through the spokes of a rotating wheel caused fascinating visual patterns and a feeling of euphoria.

UK research validates the technology

Then in the late 1940s a British neuroscientist, W. Gray Walter, measured the effects of an electronic strobe using an EEG, which monitors brainwave activity.

He found that rhythmic, flashing lights altered activity across the whole cortex, producing trance-like states of profound relaxation and vivid imagery.

Since then, a series of independent studies have confirmed Walter's findings. Research now suggests that machines using light and sound can dramatically reduce stress.

Change mental states easily

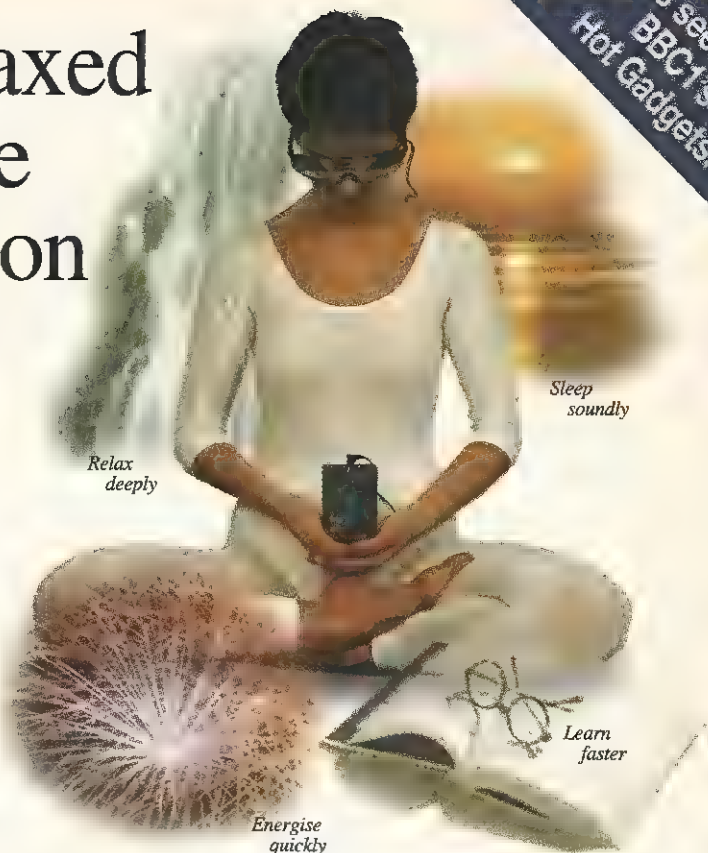

Benefits include deep relaxation within minutes, improved learning ability and enjoyment of music, increased alertness, enhanced ability to visualise new goals, and better sleep at night.

The user of the MindLab Orion chooses the state of consciousness that he or she wishes to obtain, and is lulled by a rainbow array of colours and rhythms into the chosen state of awareness.

Just press a few buttons and you can choose to relax, sleep, visualise, energise or learn. Lie back, close your eyes and let the kaleidoscopic light patterns and rhythmic tones gradually shift your consciousness.

The press raved about the original MindLab

"The MindLab has received rave reviews from both the scientific community and the public... After a few minutes the

Sleep soundly

Relax deeply

Energise quickly

Learn faster

dazzling spectacle winds down into a deeper state of consciousness." – *New Scotsman*

"The systems reliably produce visual effects and relaxation... the experience resembles the closing sequences of 2001: A Space Odyssey." – *New Scientist*

"The MindLab produces a feeling of total inner calm where once there was chaos. The technology of tomorrow really is with us today." – *Fit Body magazine*

"The machine really does need to be experienced to be believed." – *Computer Life*

"The MindLab gives you hundreds of different methods, via amazing sounds, music and light displays, of achieving Nirvana." – *London Evening Standard*

"The MindLab really works!" – *Ms London*

Here's what the testers said on Hot Gadgets!

Said tester Anuj Naylor on BBC1's Hot Gadgets: "I thought the MindLab Orion was a top gadget. I felt perky and alert. The first program I tried was the sleep one. I went into the deepest sleep in ages. I was so late for work the next day."

James Mayor, a medical student, commented "I feel quite relaxed. That exam: sorted!"

Cut out and keep

All your life it's been the same loopy old story. Every x-mas, every birthday (even other peoples), every Good Friday pro-celebrity knifefight - ruined to bits by your constant need to own a Brian May (from the rock outfit Queen) Russian "style" doll.

"Why can't I have a Brian May (from the rock outfit Queen) Russian 'style' doll?" You've screeched over and over again into the petrified faces of your beloved family. It's a miracle that you haven't been scooped up in a net, locked in Eddystone lighthouse and bombed to death by our hilarious AirForce. Well shriek no longer! Those lousy days are now ancient history in the past...they're no

more, they've been and gone...and fucked right off out of the door, over next doors hedge and away into the murky, swirling fog of yester-year...

Because now you can have a Brian May (from the rock outfit Queen whose lead singer ceased to exist) Russian "style" doll, and what's more, the bitchin' thang's a freebie! Gratis! A small token from us to you.

Brian May Russian Doll

INSTRUCTIONS

Cut carefully around the Mays (using sharp scissors, a sabre or a swordfish face) and pile the sods on top of each other (tiny May at the bottom, big fat May at the top).

Then, in order to fully savour the true joy that is a Brian May (from the rock outfit Queen who were, and still are fucking garbage) Russian "style" doll, simply lift them up, one at a time, revealing the slightly smaller figure beneath.

Keep it safely tucked away in a stout Oak box so it never gets damaged or lost. That way, when you're old

and grey and demented, you'll be able to take it out, look at it, play with it, then sob your bastard heart out over it. Why? Because it reminds you of youth, and you know that the time left to you is short, so short... Soon you'll be at the front of the queue, shuffling forward to take your place in the fucking boneyard, alongside all the other dusty carcasses, crumbling a little more each day until your now lively and pert body is just a few bucketfuls of sticky, stinking grit! Hey, cheer up. It might never happen...
...(Oh yes it will!)

WELCOME TO THE

When the new century finally arrives to destroy us all, the doors will open on the costly Millennium Dome...

Millions of quids worth of OUR hard earned bunce has been pumped into this miracle of modern capitalism, so come with us on a guided tour of the worlds most expensive colostomy bag and the shit which lurks within...

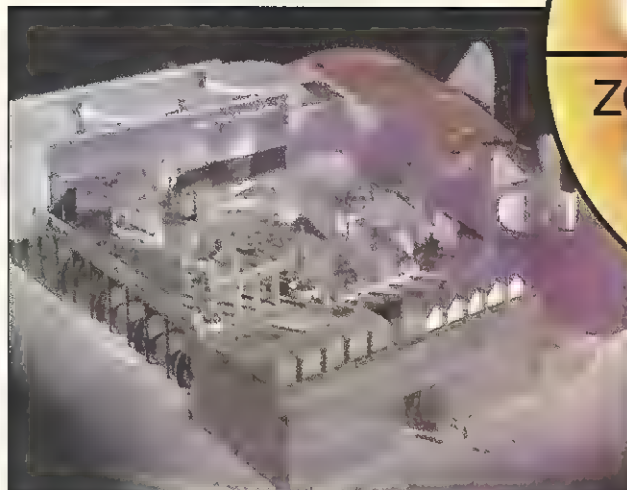

1 THE

Yeh, that's spent a hefty on a ten storey a grotesque, Tears' doll front of it. You'll get to it, looking at it, particularly inter not in the and/or under For the money they could've superb, like a for us all to ha oh no...

4 SPIRIT LEVEL

This bit is to remind us about God, Jesus and religion (yeh, like we need reminding, what with one crazy christian running the country and another at the helm or the national side) Apparently this contrived exhibit will be endowing all who enter with an unearthly, magical feeling of calmness and karma. Yes, even if you're six months adrift on the mortgage, drinking a *little bit* too much, and fairly convinced that your woman is being regularly serviced by the gas man...Just step in here and you'll be a calm as a cucumber. Yeh, and my arse is a jukebox.

5 LIVING ISLAND

At first glance this is a typical British seaside resort with a beach, fish 'n' chips, deckchairs, sun and sea. Then you look closer and realise that it *can't* be. There's no drunken scots, no rubbish lining the streets and no human excrement bobbing about in the water. It's about getting us to 'respect the environment', but how erecting a model of a seaside resort inside half a giant plastic football is going to achieve this is a mystery to rival the building of the pyramids, or how it is that Terry Wogan is still alive... and being paid.

2 DREAMSCAPE

This is an attempt by the moist pussies behind the 'dome caper' to take us far away into the magical world of dreams. Quite forgetting that we all go there every night anyway. Don't expect no good stuff neither - Anybody looking forward to seeing Jo Guest in a school uniform lubricating an orifice generally reserved for waste disposal is going to be disappointed.

Instead, there'll be loads of things that good, honest, Christian folks dream about... Talking cakes, hedgehogs with pincers, that sort of stuff.

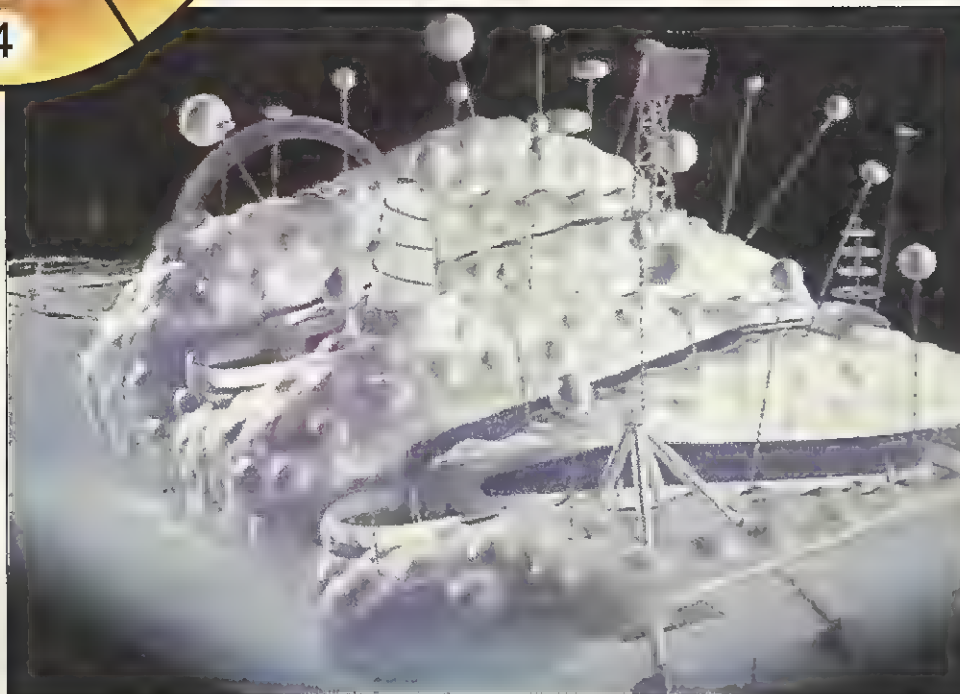

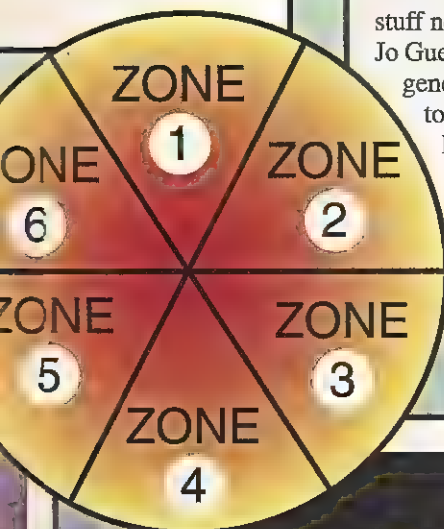

3 THE LEARNING ZONE

This area demonstrates that in the 21st. century you will go on *learning* your whole life. What a treat. Head off for a fun day out, maybe grab a couple of laughs, and wind up back at school.

Here they will bombard our hapless monkey brains with a stream of information that we don't want or need to know, but wrapped up in a way that is meant to be 'fun'.

A deeply crass and patronising idea, typical of the infected bile spewing forth from Peter Mandelson's crack team of arrogant, wealth-cultured, whoremasters.

6

TRUMPET AREA

Best exhibit of the lot this. It features two hundred and fifty thousand trumpets, which are cunningly concealed or disguised as something else. The object is to find a trumpet then run around the dome startling people by blowing it into their ears. Can you imagine it? Two hundred and fifty thousand trumpets, all being blown simultaneously by people who can't play an instrument for toffee. How will that sound? Fucking crap that's how, fucking crap.

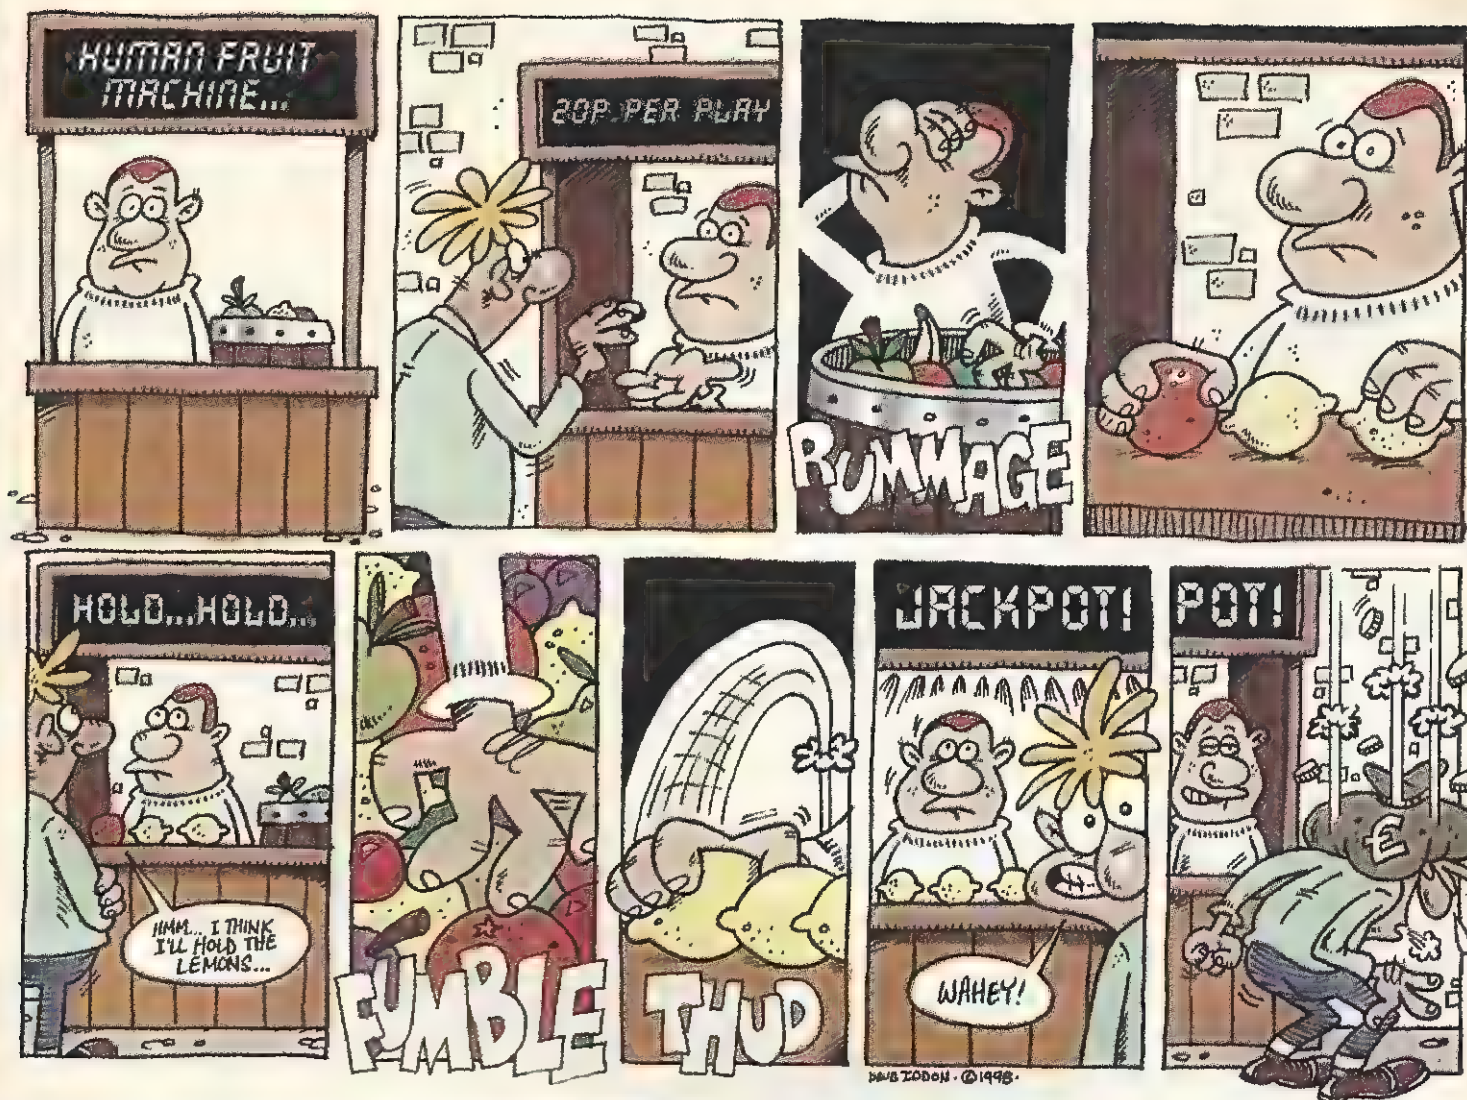

No fancy women.
No passionate
embraces.
No silly sunsets.
Just a great

HOW TO ATTRACT GIRLS

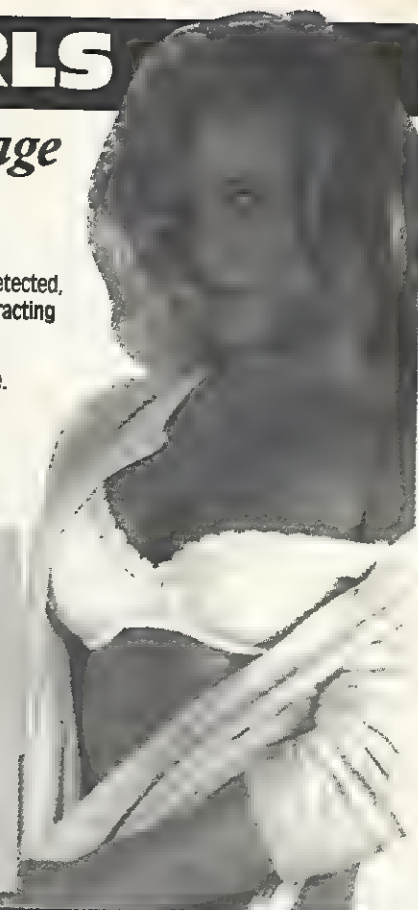

Contact 18 will give you an unfair advantage with women - Guaranteed (or your money back)!

Everyone knows that some men (a tiny minority) are able to instantly attract women. It used to be known as "animal magnetism". Scientists now say this natural attraction is due to pheromones - body smells that are not consciously detected, but that effect the behaviour of others towards the person giving off these chemical signals. It's nature's way of attracting the opposite sex.

Scientists have now isolated and synthesised two natural attractants - ANDROSTENOL and ANDROSTENONE pheromone. Carefully controlled experiments show they work and have been widely reported on television and in the press. Androstenone pheromone has been successfully tested on BBC TV's "Tomorrows World" and by Desmond Morris (Author of "The Naked Ape" and "Manwatching" and renowned human behaviourist) on BBC TV's "Friday Night ... Saturday Morning."

WHAT THE PRESS SAY:

- * "The woman finds the man attractive but she doesn't know why." - *Lifestyle*.
- * "The stuff attracts women like you wouldn't believe." - *Colorado Telegraph*.
- * "Pheromones influence human behaviour in a subtle way. Women are attracted to the smell." - *The Daily Telegraph*.
- * "A male sex pheromone which has a scent that attracts females." - *Time* (Vol. 115 No. 2)
- * "The scent is likely to produce a state of sexual excitement or arousal." - *Men Only* (Vol. 44 No. 4)
- * "And now this pheromone has been marketed, we've tested it - and good grief, it works." - *Knave*.
- * "Minute quantities were sprayed on a chair in a dentist's waiting room. Women patients made straight for the chair." - *The Sunday Times*.
- * Lowell Ponte, a former consultant on exotic weapons and a Readers Digest science writer, said in an interview that "use of the recently discovered chemical Androstenone should be banned - Congress should pass a law making it a crime to use this chemical to influence voters by making politicians appear more lovable." - *The San Francisco Chronicle*.

Why Pheromones = Instant Sex Appeal!!

Pheromones are a chemical sex signal that all animals secrete to attract the opposite sex. Most sexual behaviour of animals is controlled by pheromones. They are nature's chemical sex signal to attract the opposite sex. Humans are of course also animals and we produce the same class of aromas which subconsciously affect our behaviour.

ANDROSTENOL (5 ALPHA ANDROST-16-EN-3-OL) is a very powerful chemical in this field and is associated with youthful exuberance. Men on average produce about two to three times as much as women.

The aroma of ANDROSTENONE (5 ALPHA ANDROST-16-EN-3-ONE) seems to be the very essence of aggression or dominance in man. A Home Office criminal pathologist found in a survey of a prison population, that it was the people in the violent wing who were naturally high secretors of it. The value of Androstenone is reflected in its open market price. In small quantities it is £9,100 per gram coming down to £4,595 per gram if bought in bulk.

The effect a smell has on us depends very much on the way it is presented. If a man had the smell of territorial aggression about him, yet displayed a gentle caring character, he would be perceived as even more attractive by women. This echoes the phenomenon in

the animal kingdom, where a mate is chosen for his greater strength and vigour.

It has been proven by independent research (1) (2) that if you take a row of say ten identical chairs and spray one of them with Androstenone's aggressive odour, women sit on it more often. It is believed that as the chairs offer no difference to the smell message and are definitely not threatening, women subconsciously go towards them and find it to be some kind of invisible sanctuary.

Yet More Pheromone Facts...

- 'Boarmate' and 'Acceptance' are sprays containing pheromones which farmers use to prepare live stock for artificial insemination. The spray encourages the female animal to take up the mating posture.
- Other pheromones can induce anger or fear. The C.I.A. are using Pheromones for interrogation purposes and the U.S. Army in Crowd Control experiments. It is thought that the U.S. Air Force is experimenting with fear inducing crop spraying for use in jungle warfare.
- The use of Pheromones in Perfumes has been barred in some American States for fear that people might lose all control.

The power of pheromones has been featured on 20/20, Dateline, and in articles in *Penthouse*, *Playboy*, *Chic*, *Swank*, *Vogue*, *Omni*, *Discovery* and numerous medical journals, television shows and newspapers from *The Times*, to *The Sunday Times*, to *The New York Times* to *The Los Angeles Times*!

Androstenone is blended with Androstenol in CONTACT 18 so that every time you wear it, you will give out a natural chemical signal to women that will subtly encourage them towards you (and they will not know why).

It doesn't matter what you look like. When you use CONTACT 18 you will enjoy more eye contact, more conversations, more dates and more sex. We are so convinced you will see the difference, that if you're not completely satisfied with the results you experience, just return the unused portion and we will refund your money with no questions asked.

Constipation

An old woman goes to see the doctor because she hasn't had a shit for three weeks and is chronically constipated. "Well, do you do anything about it?" asked the doctor. "Of course I do", said the old woman, "I sit there". "No, no Mrs Jones, I mean do you take anything?" the doctor pressed on. "Oh yes", replied Mrs. Jones, I takes me knitting"

You'll have to wait

John parked his car and put his arm around his girlfriend. "No" she said and pushed him away. He tried again. She pushed him away even harder. "No you've got to wait, you've got to be patient, you must give me some time." John frowned "But how much time,? "A week, a month a year?" "You'll have to wait, she said, ... until the moon gets behind that cloud."

Milkman

A young executive and his pretty young wife moved into a posh new block of flats. One day at the office he heard of scandalous goings on at the flats involving the tall, dark and handsome milkman. "Do you know" he said to his wife that evening, "They say he has made love to every woman here except one?". "Yes", replied his wife, "And that will be that stuck-up little cow in No 28a".

Walk

Two pigeons met one sunny October afternoon in Trafalgar Square. They immediately hit it off, so well in fact, that one of them invited the other to tea the following day. However when the time arrived the first pigeon didn't turn up until nearly two hours later. When questioned why by his host he replied, "Sorry, but it was such a nice day, I decided to walk".

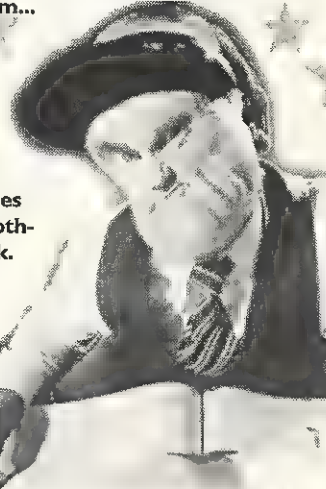

Honeymoon

A newly-married couple had planned a honeymoon in Cornwall. Being lovey-dovey newly-weds they also rented a horse and trap in order to top the whole thing off. So off they set, down to Cornwall in the horse ad trap with the groom at the reins. They had only got about ten miles from the church, when the horse suddenly reared up, stopping the trap. "That's once!" said the groom. They carried on and about five miles further down the road the horse did the same thing again. "That's twice!" said the groom, this time

giving the animal a cold, hard stare. A few miles down the road, the horse rears up, again stopping the trap. At this, the groom dismounts, goes to the back, gets out a shotgun and says "That's three times!" and shoots the poor beast dead. His bride, understandably, is a little surprised and upset by all this and says to her husband, "Oh darling, how could you do that? It hadn't really done anything." "That's once!" said the groom...

Adultery

The definition of adultery? - When one man buries himself in another man's work.

Centipedes

Two male centipedes were on the King's Road, Chelsea, when they saw a female centipede go past. "Ere look!", says the first to his mate, "There's a nice pair o' legs, pair o' legs, pair o' legs..."

Bull

A young bull, newly on the farm, was put in with the old bull. "What would you like to do?" enquired the old bull. "Well..." replied the young bull, "I hear there are a hundred cows right across the far side of the farm. I suggest we run over and do two or three each?" "Certainly not!" "We'll walk there... and do them all!"

Old Woman

A lively old woman had reached the ripe old age of one hundred. The nearby paper, sensing a bit of local news sent a reporter along to cover the story. Asking about her health, the old woman claimed, "...And I've never been to a doctor in my life!" "Really!", replied the reporter. "You mean you've never been bedridden, even for a short time?" "Of course I have, young man. I've even been table-ended, but there's no need to put that in the paper!"

Prison

A man writes in his diary, 'I am an exemplary man, I neither smoke nor drink, I never go to clubs, I am loyal to my wife, I do not flirt, I go to bed at nine o'clock and rise early in the morning, I work regular hours and exercise daily...but all this will change as soon as I get out of prison!'

Rabbit

After a rapturous and energetic first night at a honeymoon hotel, the groom goes downstairs to order breakfast. "Egg, bacon, sausage, beans, mushrooms and fried bread for me..." he says, "...And a plate of lettuce for my wife." "Lettuce?" replied the waiter. "Isn't that rather an unusual breakfast choice, sir?" "Yes, I suppose it is" said the young man, "But I wanted to see if she eats like a rabbit too!"

A pleasar out

somewhat plain nurse turned to her attractive colleague one day and said, "You know that soldier in the second bed ?...", "Oh, you mean the one who's tattooed all over?" "Yes, that's him. Well, when I bathed him today, I saw 'Ludo' tattooed on his willy." "That's not 'Ludo'" said her colleague... "That's Llandudno!"

HOW TO TAKE A WOMAN TO ORGASM EVERY TIME AND HAVE HER ACHE FOR MORE

Visit our Website!
www.cheri.co.uk

Modern day Casanovas, and narrow-minded cynics, please stop reading now. For the rest of us a FACT: OVER 99% of women admit to having faked an orgasm, several, if not most times, in their life. Has yours?...You probably don't know, and maybe never will.

"How to take a woman to orgasm every time - and have her ache for more" is the title of an explosive new book by leading American Author Cheryl Kramer.

The book doesn't tell you about how to attract females, the art of conversation, whether or not you should talk about religion or politics on a first date or what sent to wear. There are a million sex manuals (full of waffle) on the market that do this. It comprehensively covers one topic - how to take a woman to orgasm. You may say this sounds too clinical, too methodical, and perhaps the bedroom isn't the place for such "rules". Rubbish! The surefire techniques taught are so simple, yet staggeringly effective, after learning them you can add your own improvisational extras. Fast, highly effective methods of preventing premature ejaculation are also explained. The book clearly explains how to recognise and deliver not one but several types of intensely explosive orgasms in your lover (including multiple orgasms). Any heterosexual male who truly values the woman in his life cannot be without this essential investment. Although the emphasis is focused on women, this new edition also contains a chapter on how men themselves can achieve multiple orgasm (now a scientifically proven phenomenon). Read it to believe it.

Another new chapter deals with "The G-Spot", giving full details on this elusive, and (until now) mysterious female "hot spot". Most men are definitely inept lovers, but through no fault of their own - it feels good to him, so he reckons it feels good to her...but it doesn't! You can't blame him, how is he to know any better? The girlfriends aren't much help. So the men keep pushing, and the women keep taking. This is your chance to be different from "most men". Good lovers are so rare most women don't know what one is. Just the fact that you are reading this shows that you are willing to learn how to give her the best love she's ever had (this is no exaggeration). After reading this book, you'll be a different person. You'll wonder how you ever did without it! Sex-wise, we honestly believe this is the best investment you will ever make. Cheryl's method has made thousands of couples very, very happy, and probably prevented just as many couples breaking up. We are so confident of this miraculous system that we ask customers to write in and tell us how they got on! Amazingly over 70% do! Here are a few excerpts:

"The greatest thrill ever is to have a woman helpless with joy in your arms!" - L.S. Boston.

"Your method saved my marriage." - K.K. New York.

"I was unhappy with my girlfriend's lack of responsiveness, sexually, after applying your technique she's now a total maniac in bed. Now can I thank you enough?" - J.N. Harris.

"You have given me a power I never thought I'd possess." - L.K. London.

"I have the power to drive my woman totally out of her mind - what a turn on!" - J.S. Leeds.

"You changed my life! I only wish all couples had access to this literature." - M.S. Norfolk.

And there are thousands more! When you learn to give your lover an orgasm - it is the greatest gift of love that you can give (not to mention the immeasurable pleasure and high self esteem it will give you) and if you can do this every time you make love, she will be yours forever. And once you've seen a real orgasm in a woman, you'll know the difference between taking it and the real thing.
